

PROGRAMME

November 9, 2026 (Monday)

EVENT	TIME
Registration	09:15 – 09:30
Recitation from Holy Quran	09:30 – 09:35
Opening Remarks & Introduction to CPD and PEC Bylaws	09:35 – 09:45
Session 1	**09:45 – 11:00**
Deep Learning Concepts and Healthcare Applications	
Tea Break	**11:00 – 11:20**
Session 2	**11:20 – 13:20**
Practical Implementation of Deep Learning in Python: Medical Image Analysis	
Closing Remarks & Certificate	**13:20 – 13:30**

Contact Person:

Mr. Abdul Qadeer, Deputy Director (QEC), BUETK, Khuzdar
Cell: 0334-3422048, Tel: 0848-413049

Pakistan Engineering Council

Continuing Professional Development (CPD)

Short Courses Series

Deep Learning-Based Medical Image Analysis in Healthcare

On 9th November 2026 (Monday)

VENUE:

AUDITORIUM

BALOCHISTAN UNIVERSITY OF ENGINEERING AND TECHNOLOGY KHUZDAR

RESOURCE PERSON

Dr. Wazir Muhammad Laghari

Dr. Laghari holds a Ph.D. in Artificial Intelligence and Deep Learning from Chulalongkorn University, Thailand, and an ME in Communication Systems & Networks. He currently serves as Assistant Professor and Chairman of the Department of Biomedical Engineering at Balochistan University of Engineering and Technology (BUETK), Khuzdar, and is the Principal Investigator of the European Union-funded Erasmus+ CBHE BIOMED 5.0 project. His core areas of specialization and research interests include Deep Learning, Medical Image Processing, Single Image Super-Resolution, Biomedical Signal Processing, Digital Transformation, and Industry 4.0/5.0 Technologies in Healthcare. He has more than 25 years of teaching and research experience.

Module 1

- Understanding the Concepts of Deep Learning
- Deep Learning and Healthcare Applications

Purpose and Background

- ✓ To inform participants about the concepts of deep learning and its healthcare applications
- ✓ To introduce medical image analysis as a key application area of deep learning

Module 2

- Practical Implementation of Deep Learning in Python Environment
- Setting Up State-of-the-Art Models for Medical Image Analysis

Purpose and Background

- ✓ To broaden the knowledge of professional and registered engineers on key commands and techniques of deep learning
- ✓ To familiarize participants with setting up and using state-of-the-art models for medical image analysis

Special Features of the Course

A certificate of 1.0 CPD point will be awarded to the participants by PEC. Participants are requested to bring their own laptops for the hands-on session.

Who Should Attend?

- All Engineers registered with PEC
- Engineering Students

Registration Process

- Application form, duly filled, along with the fee in the form of Pay Order/Bank Draft in favor of Balochistan UET Khuzdar, should reach on or before [closing date] at the following address:

  (Office of the Director General QEC, BUETK, Khuzdar)
- Course fee: Rs. 500/- (for engineers)
- Free for final-year BE students of BUETK; other students: Rs. [fee]

Course Coordinator

Engr. Liaquat Ali Lehri
Director General QEC
